GAURAV BORUDE

Pune, Maharashtra, India — +91 9309114735 — gauravborude.sae.comp@gmail.com — LinkedIn

SUMMARY

Computer Engineering graduate with hands-on experience in Python, Django, MySQL, and backend web development. Skilled in developing REST APIs, authentication systems, CRUD applications, and responsive web applications using HTML, CSS, JavaScript, and Bootstrap. Strong foundation in Object-Oriented Programming, Data Structures, SQL, Git, and database management with a passion for building scalable software solutions. Seeking an entry-level Software Engineer or Python Developer role.

EXPERIENCE

Software Intern – System Tron (InternPe) Jan 2024 – Mar 2024

- Built 5+ Python applications implementing Data Structures and Algorithms using Object-Oriented Programming principles.
- Increased application execution efficiency by 20% through debugging and code optimization.
- Processed and analysed datasets containing over 2,000 records using Pandas.
- Solved algorithmic problems by implementing optimized data structures and algorithms to improve execution efficiency.

Full Stack Developer Intern – A2Z IT HUB Jan 2026 – Present

- Designed 10+ responsive web pages using HTML5, CSS3, JavaScript, and Bootstrap for desktop and mobile devices.
- Enhanced website navigation, reducing user interaction steps by 25%.
- Integrated backend features using Django and MySQL while collaborating with the development team.
- Resolved frontend and backend issues during testing and integration, improving application stability and usability.

PROJECTS

Student Management API (Django) 2025

- Designed a REST API using Django with CRUD operations for student management.
- Handled HTTP requests, JSON responses, and MySQL database integration.
- Validated REST APIs using Postman to ensure functionality and reliability.

CareerConnect – Placement Portal 2026

- Engineered a placement portal using Django following the MVT architecture.
- Integrated secure authentication using password hashing and session management.
- Connected MySQL database for efficient data storage and retrieval.
- Applied CSRF protection, input validation, and role-based access control to enhance security.

Online Exam Portal 2026

- Architected a secure Online Exam Portal serving Admin, Teacher, and Student roles using Python, Django, MySQL, HTML5, CSS3, JavaScript, and Bootstrap.
- Configured role-based authentication for Admin, Teacher, and Student modules.
- Created CRUD modules for exams, subjects, question banks, and user management.
- Designed timed online examinations with countdown timer, automatic submission, and answer validation.
- Automated MCQ evaluation with instant result generation to reduce manual grading effort.
- Produced student performance reports and exam analytics dashboards.
- Enhanced application security using password hashing, session management, and responsive UI design.

EDUCATION

Sinhgad Academy of Engineering, Pune 2021 – 2025
Bachelor of Engineering in Computer Engineering **(CGPA: 7.90)**

Jijamata Madhyamik and Uchha-Madhyamik Vidyalay
Higher Secondary (MSBSHSE) – 60.33% 2021
Secondary School (MSBSHSE) – 73.40% 2019

TECHNICAL SKILLS

Programming Languages: Python, Java, SQL
Frontend Technologies: HTML5, CSS3, JavaScript, Bootstrap
Databases: MySQL
Core Skills: Object-Oriented Programming (OOP), Data Structures, REST API Development, CRUD Operations, DBMS, MVT Architecture, Authentication, Session Management, Responsive Web Development
Developer Tools: Git, GitHub, Git Desktop, Postman, Selenium, VS Code

CERTIFICATIONS

- Deloitte Data Analytics Job Simulation
- Tata GenAI Data Analytics Simulation
- Python Essential Training – LinkedIn Learning
- Microsoft Azure AI Fundamentals
- Infosys Web Design Certification
